Key Features

LED

With sharper contrasts of light and darks, LED display delivers a vast array of rich colors, ensuring that moving images have never been so pleasing to the eyes.

Google Assistant

Whether you require step-by-step instructions during the set-up process, or an authority to chime in occasionally to figure out a feature, Google Assistant is always there for you. Simply say "Ok Google" or click the mic button on the remote, and Google Assistant will answer your questions and rapidly navigate features for you.

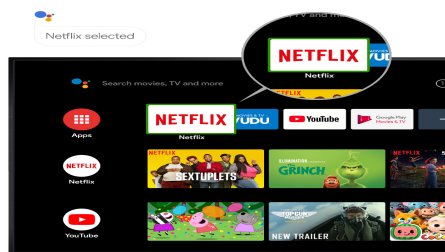

Smart TV

Forget connecting streaming devices. The Sceptre Smart AndroidTV has all the thrilling functionality you crave to connect to all the streaming apps you already love and to explore some new ones along the way. Just click a few buttons or voice a few commands and you will be binge-watching your favorite shows in no time.

Built-in Chromecast

Built-in Chromecast swiftly and wirelessly transports all streaming content from your mobile device or tablet to the AndroidTV. Casting was never so simple.

Talk Back

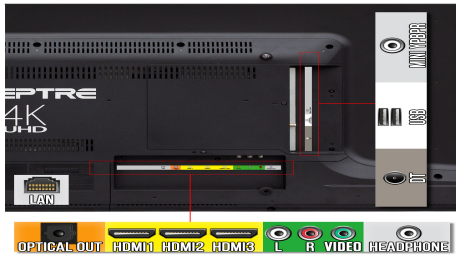

Talk Back will verbally explain each action taken and feature selected with the remote to guide viewers who have difficulty viewing written content on the screen or who would rather rely on auditory instruction to navigate all features on the AndroidTV.

HDR

HDR (High Dynamic Range) delivers the most stunning brights and darks that the naked eye has ever witnessed on a Smart AndroidTV

Key Features

Multiple Ports

For this Smart AndroidTV, connectivity is key. Three HDMI ports will transport visuals and audio from all of your 4K UHD devices to the display. Component and Composite ports will support resolutions up to 1080P FHD. Connect to your favorite audio devices with the Auxiliary Input Jack, Headphone Jack, and Optical Output. A USB port is available for connecting the AndroidTV to laptops, mobile devices, and so much more.

HDMI 2.0

HDMI 2.0 connects all your favorite devices - game consoles, blu-ray devices, laptops - and delivers the best version of the visual and audio content on the 4K display.

USB Port

Let's you view your pictures as a slideshow or listen to your favorite music via the USB port. Just insert your flash drive into the USB port for the ultimate entertainment.

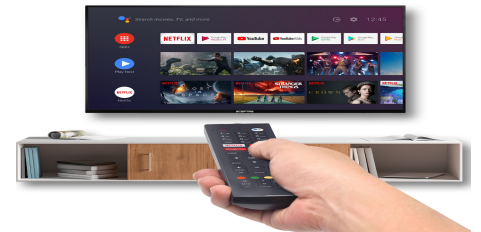

ARC

ARC (Audio Return Channel) uses a single HDMI connection to send audio from a TV to a sound bar or AV receiver.

CEC

The CEC (Consumer Electronics Control) feature effortlessly allows users to control HDMI connected devices with only one remote.

BlueTooth Remote

Don't worry about pointing the remote directly at the TV. With this BlueTooth remote, no line of sight is needed and the range is increased, allowing you to ably command all functions on your AndroidTV from any spot and direction in the room.

Key Features

VESA Wall Mountable

The VESA wall mount provides the ideal position to view your TV and eliminates cable clutter, contributing a stylishly modern addition to your decor.

Customer Service

Our customer service representatives are, and have always been, based in the USA, guaranteeing that our customers' needs are met as efficiently as possible.

30+ Years of Experience

Founded in City of Industry, CA over 30 years ago, Sceptre Inc. made a promise to create & deliver superior products for remarkably affordable prices, a rare tradition that continues today.
